

We hereby confirm that from 1st September 2020 to 30th November 2020, Gaetano Arezzo was employed by the Maltese Italian Chamber of Commerce as an intern.

His contribution to the management of daily office activities was certainly appreciated and useful, as well as the proactive spirit that always animated him. During our collaboration Gaetano followed with commitment and interest the office activities aimed at the development of institutional-economics relationship between Malta and Italy.

To be more specific, he carried out both back office and front office tasks, handling mainly:

- Support to Italian entrepreneurs interested in internationalizing in Malta;
- web marketing, social networks and website of the Chamber;
- Administrative tasks, secretariat and agenda management;
- Accounting;
- Business planning and strategy;
- Customer care.

In particular, Gaetano has shown a strong aptitude in the management of social profiles of the Chamber and in a short time has managed to quadruple the activities and followers of the MICC social channels.

Thanks to his radiant personality he always managed to maintain good relations with colleagues and clients, being always ready and available to offer assistance and help when needed.

I trust that in any other professional field Gaetano will join, he will certainly prove his value and reach further goals with increasing success, as he did during his service at the Maltese Italian Chamber of Commerce.

Ta' Xbiex,
27/11/2020

Enry Di Giacomo
Secretary General
Maltese Italian Chamber of
Commerce
